Topic: **Oneness of Humanity: It's real, and it's the future, but we're not good at it yet.**

When a thought of war comes, oppose it by a stronger thought of peace. A thought of hatred must be destroyed by a more powerful thought of love." — 'Abdu'l-Baha, from a talk given in Paris 10/21/1911. Racism is based on injustice, division, and long-standing estrangement; so it can be overcome with justice, unity, and patient love. Let's talk about that and support each other practicing it. I've seen the UUCTC working hard for justice and equality, despite the negativity and destruction in our society. I want to help with that constructive response. I'm definitely an amateur, but maybe some of the principles and tools from the Baha'i Faith can help.
