CHILD AND YOUTH RELIGIOUS EXPLORATION

Last Sunday, we focused on the first source, transcending mystery, as we shared in the beauty of the autumn season. During "Time for All Ages," Charlie and Gail passed out different types of leaves so the students could categorize them based on the characteristics and colors. Back in the classrooms, students created leaf art, went on outdoor leaf hunts, and discussed how all of nature is connected. The older students began brainstorming ways they can help in the upcoming "Giving Tree" fundraiser and discussed possible workshops that they would like to teach the younger students starting in January. We also had a fire drill. Luckily, the beautiful weather we're having gave everybody a chance to marvel at the autumnal beauty during the drill.

The Halloween party was a spectacularly spooky time. There were games, snacks, and crafts, and the 6th-8th graders created an amazing haunted house. Charlie and I awarded prizes in the costume contest such as most delicious costume for the ice cream cone with a cherry on top. There were witches, pirates, and princesses galore and it was a beautiful night to have some costumed fun on the playground. Thanks to everyone for making the party possible and a special thanks to Linda Prokopy for organizing the event!

This Sunday, we'll learn about the importance of food sustainability as we kick off "Guest at Your Table."

Connecting Questions:

- How can we show gratitude in our daily lives?
- What is one thing in nature that you are thankful for?
- What are your Thanksgiving holiday traditions?
- How can we promote food sustainability?

Making connections at home:

- Remember to discuss and cut out the conversation starter questions inside the "guest at your table" boxes and use them to collect spare change. **All boxes are due by Sunday, November 23rd.**
- Make a Venn diagram comparing/contrasting two holidays or Thanksgiving past vs. present.
- Make a graph of your favorite Thanksgiving foods. My favorite is to make a favorite pie chart.
- Brainstorm a list of all the things you're thankful for. Remember to discuss and think about the things that you may take for granted. See how long you can make your list.
- Read about the history of Thanksgiving.
- Think about ways you can give back this holiday season. Come up with community service ideas and act on them.
- Complete the "disguise the turkey" project. See Nicole if you need a copy of the project.

Reminders:

- Make sure you have turned in the community survey (both students and adults) so that I can use it in planning events. I am working on a website for RE (bit.ly/drenicolericerice). It is still in the developmental stage, so feel free to check it out and give me feedback.
- Please see me on Sunday for a Giving Tree handout. It is an exciting fundraiser that the RE will be taking part in for the Christmas Jubilee. Feel free to e-mail me with any comments, questions, or suggestions at drenicolericerice@yahoo.com
