Speaker: Jody Tishmack

Topic: **Living off Solar Energy**

Patrick and Jody Tishmack have powered their home with solar energy since 2012. Solar PV energy technology is clean, safe, and cost effective. Renewable energy can make your home more sustainable, help reduce greenhouse gas emissions, and control the cost of utilities. Having your own energy supply offers you energy security and peace of mind.

Sunday, October 14th, 10:30AM, Service

Speaker: Bill Welge

Topic: **Realizing Intentions**

CHILD AND YOUTH RELIGIOUS EXPLORATION
RE Calendar: Nicole McCabe, dre@uuctc.org

We discussed the idea of *mystery* last week and I had the RE classes submit some questions they were pondering. I was really impressed by the variety and depth of questions.

See below for some examples and please submit your own questions to the email above or stick them in the question box on the RE table in the Fellowship Hall. Remember that we'll be discussing these each week leading up to Mystery Pals. Deadline to register for this round of Mystery Pals is November 4th.

- Will there ever be world peace?
- How did the universe come into existence?
- Will humankind ever stop hurting themselves?
- Will love triumph over hate?
- Can we change our model of society (money, business, government)?
- How can we make people less biased and single minded?
- If I can eat a cow, can a cow eat me?
- How can humans be so cruel?

Have you
registered yet?
